

Eddie Plank, Veteran, "Comes Back" and Wins Ovation

Philadelphia's Great Twirler Proves That He Is Not 'Dead'

In Contest With Mathewson, a Younger Man, He Beats the Crack New York Pitcher and Wins the Final and Deciding Game for the Athletics—Fans Give Him Great Ovation After the Victory

By Damon Runyon.

NEW YORK, Oct. 11.—Eddie Plank, the oldest pitcher in big league baseball, and picking up the oldest in point of service, proved it this afternoon. The veteran southpaw hurled the Philadelphia Athletics to a world's championship at the Polo Grounds this afternoon, beating the New York Giants in the fifth and final game of the series by a score of three to one.

Thousands of Philadelphia fans piled out on the field as Larry Doyle was retired in the final inning, and picking up the "Gettysburg" feeling, they bore him in triumph from the field. Once again in this series by the great Christy Mathewson, many doubted that Plank—39 years old and 13 years a big league pitcher—could return after such a short rest, but the box score shows the game he pitched. Again he was opposed by Mathewson and again the big baseball idol of Manhattan pitched a great game, but before the snapping cross fire of Philadelphia's old side winder, the Giants hung helpless when they needed the punch.

It was a game lacking in the spectacular features that have marked nearly all of the other four encounters of the series. The Athletics fought a carefully planned battle against "Big Six," a plan apparently based on eliminating the first ball he pitched at them.

Merkle's Play. Fred Merkle, one of the most unlucky and at times the most brilliant of ball players, whose misfortunes seem to fall heavily upon him in a series such as this, was again in the line of fire. He was again in the line of fire. He was again in the line of fire. He was again in the line of fire.

Plank's Steady Game. Plank pitched steadily from start to finish today. While the game passed off in quick time due to the rapid fielding on both sides, the veteran had to go slowly. He is not as young as he used to be and he is not as fast as he used to be.

Plank Takes His Time. In times of stress, Plank would pause in his pitching. He would walk around the box and otherwise "stall" until he felt ready to go on again. It is stated that he refrained during the game in Philadelphia when Eddie Collins, "Black Jack" Barry and other impetuous young infielders of the Mackmen were urging him to hurry. "I am an old man and I've got to take my time," he said.

Mathewson's Work. Meanwhile Mathewson, several years younger than Plank, but none the less a veteran, worked methodically on the sluggers of the Philadelphia team. He was regarded by the Philadelphia members of the team as the best pitcher in the game. He was regarded by the Philadelphia members of the team as the best pitcher in the game.

"Kid" Williams Here For A Fight

Prizefight And Baseball Gossip

"KID" WILLIAMS, Denver bantamweight, arrived in El Paso Saturday from Albuquerque.

Williams will remain here for several days in anticipation of being signed for a match with "Kid" Payo, El Paso bantam champion, at the El Paso Coliseum on Sunday night. Williams fought an eight round draw at Albuquerque on July 4, and several promoters in the southwest have made efforts to match the pair again. Williams is a classy little bantam, and although one of the smallest fighters in the ring at present, he is noted for his gameness and hitting proclivities.

Joe Bush, who walloped the Giants so decisively in the Friday game, is not 20 years old. Bush was just wild enough to keep the New York batters guessing. Bush got one hit himself in the game.

Garnett Bush, umpire, has been released by president Al Egan, of the Coast league, and Phil Knoll, an ex-league pitcher, appointed in his place. Bush, of the Philadelphia Athletics, is said to be numerous complaints of league managers to the effect that the former umpire was entirely too belligerent. Refusing to obey orders was the reason assigned by president Baum.

Joe Herrick, the Chicago welterweight holds a six round decision over Mike Gibbons in a private contest, according to his own statement. Joe knocked out Spike Kelly, the man who fought Gibbons to a draw recently in two rounds at Chicago, he says. Chicago turns out more clever boxers than sluggers and as Herrick is clever and fast, he wants the promoters to import either Gibbons or Jimmy Clabby here to meet him, a wish that seems unlikely to materialize.

Fred Sloan, manager of Max Halford, says that Max won from Billy Walters, Sallor Petroskey, Sallor Grande and Tom Nikola in the Philippines. As

but this is not the time to talk of breaks in view of the marked disparity between them. Big Larry McLean, who had to fill the vacancy behind the bat, at last contributed the blow that gave the Giants their one run. McGraw took no chances with Snodgrass in center field. Tillie Shafer played that position again and Herzog was at third.

Athletics Display Pepper. The Athletics went into the game with more dash than they have displayed at any time during the series, even when they were winning. It is a peculiar outfit, these Mackmen, silent and rather uncommunicative at all times, but always carrying a tremendous wallop that can disconcert the stoutest pitching heart. They seemed to go in today to end the fight and they did. They fought with the people's energy that was in rather marked contrast to the defence and offence of the crippled Giants.

By 130 every seat in the Polo Grounds was taken and the four acre field was banked in with people. The seventh regiment and furnished music. Three young men armed with megaphones mounted the concrete roof of the grandstand and bellowed the multitude with songs.

The crowd seemed somewhat depressed compared to the mental attitude of previous crowds, and it did not even work up enough enthusiasm to pelt late comers with peanuts and balls of paper, which is ever the way a New York crowd manifests its interest in affairs. Perhaps the weather had something to do with the depression. The sky had been masked by clouds from early morning and there was a constant hint of rain. The sky had been masked by clouds from early morning and there was a constant hint of rain.

The Athletics had the better team. They not only had the better team in this encounter but one of the best teams that have ever taken the field. Handicapped as they were by injuries, the Giants did well to get one game out of five.

Plank pitched steadily from start to finish today. While the game passed off in quick time due to the rapid fielding on both sides, the veteran had to go slowly. He is not as young as he used to be and he is not as fast as he used to be.

El Paso Wins Championship Of Southwest

Mavericks Come Home With \$1000 In Cash

By L. P. Boyce.

ALBUQUERQUE, N. M., Oct. 11.—The El Paso Mavericks are the undisputed champions of the southwest and they are going home Sunday with \$1000 in their jeans for division among themselves.

They established their superiority as ball players in the tournament just closed at the New Mexico state fair and walked away with the first prize, \$1000 in cash.

El Paso Has 1000 Percent. In the series that brought them \$1000 El Paso won all six games played. Silver City won four and lost two, Albuquerque and Santa Rita tied for third place, each winning one and losing five games. They divided the prizes each receiving \$350.

Bewildered and crushed by a fierce attack, the Silver City Indians were defeated Saturday afternoon in the final game of the tournament by the Mavericks, by a score of 17 to 3. Twenty-two base hits contributed to the delightful swiftest which the Pass City players enjoyed, while fifteen off Cliff Hill, the smoky portlander who twirled for the Mavericks, helped materially to make the game a one sided and interesting affair.

Right off the reel, with five consecutive victories, the Mavericks won first money of the tournament, amounting to \$1000, to be split between the fourteen eligible players of the Border League. The expenses are paid. To the pitching staff, without a doubt, belongs the great success of the Mavericks.

All three of the El Paso twirlers, seasoned in Class A ball, were invincible and easily baffled the opposing batters with their remarkable display of head work and variations of speed, curves and control.

El Paso started early in clouting the during a series. The camera would frantically endeavor to lure Connie Mack from the Athletic bench to the picture. The leader of the White Elephants does not like the limelight and it is only rarely that he can be brought into the picture.

Connie came in the backway this afternoon, skipping suddenly down the grandstand aisle behind the Athletic bench, but he did not escape unrecognized. The crowd cheered him as he leaped down the steps and vanished from view under the bleachers.

Booster for Players. The Mackmen seemed so pleased that they waved their arms at their supporters before dodging into their coop. Mack, who had been in the clubhouse since the start of the series, when he broke into a world's series in time to make a real star of himself, got a great greeting as he hurried across the field, but the real outburst came a moment later when the gate swung open and Christy Mathewson and John J. McGraw came in. The latter in a newly laundered uniform of pristine whiteness, contrasted strangely with the muddled apparel of the "Old Master." The crowd clapped and yelled for five minutes as the pair sauntered to the Giants' bench.

Recruits Show Themselves. Rubie Schauer, the \$10,000 recruit, and young Ferdinand Schupp, the slim southpaw, who pitched his last game one day before he pitched his first, were among the newcomers. They were among the newcomers. They were among the newcomers.

Charles Herzog, of the Giants, and John Franklin Baker, the slugger of the Mackmen, were in the line of fire. They were in the line of fire. They were in the line of fire. They were in the line of fire.

Albuquerque Fair Tournament. Played Won Lost Pct El Paso 6 4 2 .667 Silver City 4 2 2 .500 Santa Rita 2 2 0 .667 Albuquerque 2 2 0 .667

ball, the base blows being numerous. Pitcher "Lefty" Thomas, had an injured thumb to contend with and was unable to curve a ball, so was relieved by the fourth by Gehbard, who the Mavericks kept up the onslaught. "Round and round we go," was the cry for a rally. Records for hitting were broken by the club, which secured 43 hits in the two games of the day, 21 in the game against Santa Rita in the morning and 22 in the afternoon game. The Mavericks were made by the proud victors in the final game, but the opportune and heavy hitting of the El Paso batters enabled the Mavericks to sew up the game without trouble, as Silver City was never dangerous, the hits and runs being scattered. The regular batters were displaced by Gehbard, the big first sacker. Buckles, who was hit by the left fielder, but this pair did not add to Silver City's chances of victory.

El Paso clinched first money Friday afternoon when they walloped the Santa Rita Diggers, making it four straight. The team, which had been "come across" with the goods, the hard hitting Indians, clouting him for ten safeties, and Gehbard, who was hit by the left fielder, but this pair did not add to Silver City's chances of victory.

El Paso won from Santa Rita in the first game of the day Saturday by a

smashing out of a hot drive. Murphy took second. Collins pushed a perfect bunt, a Merkle sacrifice, and the other two runners advanced.

Baker hit an easy bouncer to Merkle midway between first and the box, and, as the first baseman got the ball, he apparently thought he saw a chance for a double play, as Baker was near home plate. He threw the ball to Murphy on his way home from third, but it was quite a distance from the plate. It would have been a perfect play for Merkle to have played it safe by tossing the ball to Merkle, as he would have had Murphy by 20 feet, but the luckless Murphy, who was the first baseman, was at a loss and missed him.

Costly Error. Then he made a play on Murphy at the plate by throwing to Merkle, but he was too late. Eddie scored easily under the throw and no play was made. The throw was around to third and scored after Burns had caught Melina's line drive. Burns had thrown to the plate, merely to keep the ball in play, and he was out. He was taken too far back when he made the catch to throw in to Merkle in time to stop Gehbard. Doyle tossed out Strunk and ended the inning.

First Giant to Reach First Base. Tillie Shafer, the fourteen-year-old first baseman, was the first Giant to reach first base. This came to pass after Geo. Burns had been fettered in the fifth inning and with it the piece of luck for the Giants. Shafer drew a walk. Murray lifted an easy fly over the box that was caught by Burns. Shafer caused the first one hand. Shafer had run clear down to second and would have probably been doubled up before he could have returned to first, regained second while Murray was safe at first.

Big Larry McLean slammed a single to left center, scoring Shafer, while Murray pulled up at second. There was great activity on the Athletic warmup station in right field, as Bush got ready to relieve Plank, but Merkle hit a fly ball, which was caught by Burns. Burns was the first to pitch for a single to right and Melina sacrificed. Doyle tossed out Strunk, Baker moving to third. Then Fletcher got Barry's bouncer and made a low throw to first that looked very dangerous but Merkle pulled off a remarkable scooping catch. Doyle pitched for a single to right and Melina sacrificed. Doyle tossed out Strunk, Baker moving to third. Then Fletcher got Barry's bouncer and made a low throw to first that looked very dangerous but Merkle pulled off a remarkable scooping catch.

Merkle tried to hit the first ball but fouled it off and then rolled to left. Fletcher barely breaking the ball down, Oldring bunted to Matty, who made a pickup and throw to second that effaced Murphy for a single to left. Fletcher barely breaking the ball down, Oldring bunted to Matty, who made a pickup and throw to second that effaced Murphy for a single to left.

Plank pitched steadily from start to finish today. While the game passed off in quick time due to the rapid fielding on both sides, the veteran had to go slowly. He is not as young as he used to be and he is not as fast as he used to be.

Motorcyclist Is Badly Hurt At Albuquerque Fair Racetrack

A. J. Johnson Narrowly Escapes Death in Effort to Prevent Injury to Another Racer—Suffers Concussion of the Brain—Tom Franks Wins the Running Race; Acumen takes the 61-2 Furlongs.

By L. P. Boyce.

ALBUQUERQUE, N. M., Oct. 11.—Crashing through a fence while attempting to avoid another motorcyclist, a rider was badly hurt at the Albuquerque fair racetrack today.

The rider was hurled against a post, suffering concussion of the brain and bruises on the shoulder and right elbow. He was still unconscious tonight, but doctors who attended him, said they thought he would recover. The accident was the only serious one of the fair, which closed tonight. In the five-eighths mile running race, Tom Franks won in 1:04. J. W. Fuller was second and Flynn third. Acumen came up from behind and won the 61-2 furlongs in 1:24. Wise Mason was second and Coppers third.

ATHLETICS EXHIBIT SPEED AND AGGRESSIVENESS AND SCORE 28; SOLDIERS REGISTER A PRETTY DROP KICK FOR 3; ARPIN, OF THE CATHOLICS, PLAYED LIKE A WHIRLWIND, BUT SPRAINED HIS ANKLE.

(By Edmund Behn.)

COMBINING speed and aggressiveness—an unusual thing in a first of the season game—the Catholic Athletic association football eleven rolled up 25 points Saturday afternoon against a team from Troop 13, 13th cavalry, at Washington park. The soldiers scored only three points, and these on a beautiful drop kick by quarterback Downs. The kick was made from the 20 yard line and the ball sailed squarely between the goal posts.

Arpin, playing right half for the Catholic team, was easily the star of the game. He made two of the four scores and conducted himself generally along the lines of a whirlwind. A strained ankle forced him, protesting, from the game in the third quarter, but he had already cinched the victory for his team.

Downs, replaced Harvey Wilcox in the second quarter and two minutes after entering the game had scored a touchdown. Verne Lyman, captain of the Catholics, made the fourth and last touchdown.

Arpin, playing right half for the Catholic team, was easily the star of the game. He made two of the four scores and conducted himself generally along the lines of a whirlwind. A strained ankle forced him, protesting, from the game in the third quarter, but he had already cinched the victory for his team.

Williams Work Bright Spot. The drop kick made by quarterback Downs, of the soldiers, was the only one in the last quarter of the game and saved the army boys from being blanketed. Williams work was the bright spot in the game. He was the one bright spot in the game. He was the one bright spot in the game.

Soldiers Kicked Off. By agreement between the captains, the game was called off to the Catholic boys. Captain Lyman caught the ball and brought it, by a clever run through a broken field, to the center of the Catholic team. The soldiers failed to get the ball boys any noticeable gain and a forward pass was tried. No success. Five times during the quarter the forward pass was attempted by the Catholic team and not one was successful. Later on, the soldiers failed to get the good advantage. When the first quarter, 10 minutes, ended, the players in possession of the Catholics on the army's 15 yard line.

Falling to make the required 15 yards in four downs, the city team was forced to let the ball "go over" to the soldiers shortly after opening of the second quarter. The soldiers' outstretched arms blocked the Catholics. Then a kick was tried. Barker's outstretched arms found the oval and he brought it to the army's 25 yard line. Ten seconds later, Arpin carried it across the soldiers' goal by a long end run, bowling over two men who tried to stop him. Barker kicked a difficult goal. Score, 7 to 0.

Wilcox Out and Back. At this juncture, Martin replaced Wilcox as fullback on the Catholic team. Wilcox reentered the game later on and his work was fine. Two minutes later Martin was lying across the soldiers' goal line for the second touchdown. He had taken a kick made by the army quarter to carry the oval over of dangerous territory. Barker again kicked goal. Score, 10 to 0.

Walloped the Forward Pass. Lawrence Sisk, in as full for the Catholics at the beginning of the third quarter, the feature of which was the successful use of the forward pass several times. By a series of end runs, the city eleven carried the ball into the soldiers' territory until it rested 100 feet from goal. Then Arpin carried it over, straining his ankle as he did so. He was replaced by Martin, who had gone out when Shea entered. Barker kicked goal as usual. The half ended with the score 21 to 6 in favor of the Catholics.

Soldiers Only Score. Downs' beautiful drop kick came at the beginning of the fourth quarter. The soldiers scored only three points, and these on a beautiful drop kick by quarterback Downs. The kick was made from the 20 yard line and the ball sailed squarely between the goal posts.

Arpin, of the Catholics, played like a whirlwind, but sprained his ankle. He made two of the four scores and conducted himself generally along the lines of a whirlwind. A strained ankle forced him, protesting, from the game in the third quarter, but he had already cinched the victory for his team.

Arpin, of the Catholics, played like a whirlwind, but sprained his ankle. He made two of the four scores and conducted himself generally along the lines of a whirlwind. A strained ankle forced him, protesting, from the game in the third quarter, but he had already cinched the victory for his team.
